NEW ALLOTMENTS

REA today announced the following allotments:

GEORGIA 8007 Catoosa  
North Georgia Elec. Mem.  
Corp., Dalton, Georgia  
J. E. Thigpen, Supt.

Additional allotment of \$28,000 to complete this project. This makes a total of \$403,000 allotted to build 357 miles of line to serve 2,503 customers. The source of power is the TVA.

NORTH CAROLINA 8029 Dare  
Pamlico Ice & Light Co.  
Engelhard, N. C.  
(P. D. Midgett, Jr., Rep.)

Allotment of \$61,000 to build 65 miles of line to serve 144 signed customers and an additional 200 potential customers in Hyde and Dare Counties.

PENNSYLVANIA 8013 Tioga  
Tri-County Rural Elec. Coop.  
Assn., Mansfield Borough,  
Pennsylvania  
M. S. Whitlock, Supt.

Additional allotment of \$73,000 to complete this project, for which \$340,000 had previously been allotted to build 332 miles of line to serve 920 customers in Tioga, Bradford and Potter Counties. An allotment of \$25,000 has previously been made to finance house wiring and plumbing installations for about 200 customers.

PENNSYLVANIA 8015 Bradford  
Claverack Cooperative Assn.  
Towanda, Pennsylvania  
Clarence E. Jakway, Supt.

Additional allotment of \$52,000 to complete this project, for which previous allotments totaling \$210,000 had been made for the building of 251 miles of line to serve 700 customers and \$24,450 to finance the installation of house wiring and plumbing for 163 customers in Bradford County.

TENNESSEE 8001 Meigs  
Meigs County Electric Mem.  
Corp., Decatur, Tennessee  
(J. W. Lillard, President)

Additional allotment of \$35,300 to complete this project. This makes a total of \$247,500 allotted so far to build 200 miles to serve 1,279 customers. A portion of this allotment will be used to construct a line over the mountains to serve a Re-settlement community not on the original project.

TENNESSEE 8019 Rutherford  
Middle Tennessee Elec. Mem.  
Corp., Murfreesboro, Tenn.  
(K. T. Hutchinson, Pres.)

Additional allotment of \$24,000 to complete this project, for which \$260,000 had previously been allotted to build 261 miles of line to serve 950 customers. The source of power is the TVA.

TEXAS 8011 Kaufman  
Kaufman County Rural Elec.  
Assn. (to be formed)  
Kaufman, Texas  
(W. W. Biard, Sec., Rural  
Electrification Committee)

Partial allotment of \$100,000 to build 95 miles of line to serve 287 signed customers and an additional 143 potential customers in Kaufman County. The application calls for a total of \$195,000 to build 213 miles of line to serve about 800 customers. This allotment is contingent upon the selection of a Board of Directors which shall consist of at least seven representatives from the partial area which is to be served and upon the sponsors putting into effect a utilization survey to obtain a better density of signed customers. The source of power will probably be the Texas Power & Light Company.

WISCONSIN 8045 Chippewa  
Wisconsin Power Coop.  
Chippewa Falls, Wisconsin  
(Frank H. Krampeter, Pres.)

Additional allotment of \$55,000 to complete the REA-financed power plant, transmission lines and substation necessary to energize 10 projects taking power from this plant. \$650,000 had previously been allotted to this project.

WISCONSIN 8049 Dunn  
Dunn County Electric Coop.  
Elk Mound, Wisconsin  
(M. B. Rotnem, Secretary)

Additional partial allotment of \$105,000 out of a total of \$620,000 requested to build 573 miles of line to serve 1,858 customers in Dunn, Chippewa, Eau Claire, Pepin and Pierce Counties. An allotment of \$50,000 had previously been made. This allotment is contingent on the selection of at least four additional representatives from the new project area to serve on the Board of Directors, and upon the project engaging the services of the Wisconsin Statewide as their engineers. The source of power will be the REA-financed generating plant at Chippewa Falls.

OHIO 8083 Huron  
(Cooperative to be formed)  
M. C. Hunter, Greenwich,  
Ohio - Representative

Partial allotment of \$100,000 out of a total of \$236,000 requested to build 236 miles of line to serve 820 signed customers and an additional 115 potential customers in Ashland, Richland and Huron Counties. This allotment is made contingent on the selection of seven representatives in the project area to be served. The source of wholesale power will probably be the Norwalk Municipal Plant at a rate averaging about 1¢ per kwh.
